CORPORATE
PRESENTATION
2021

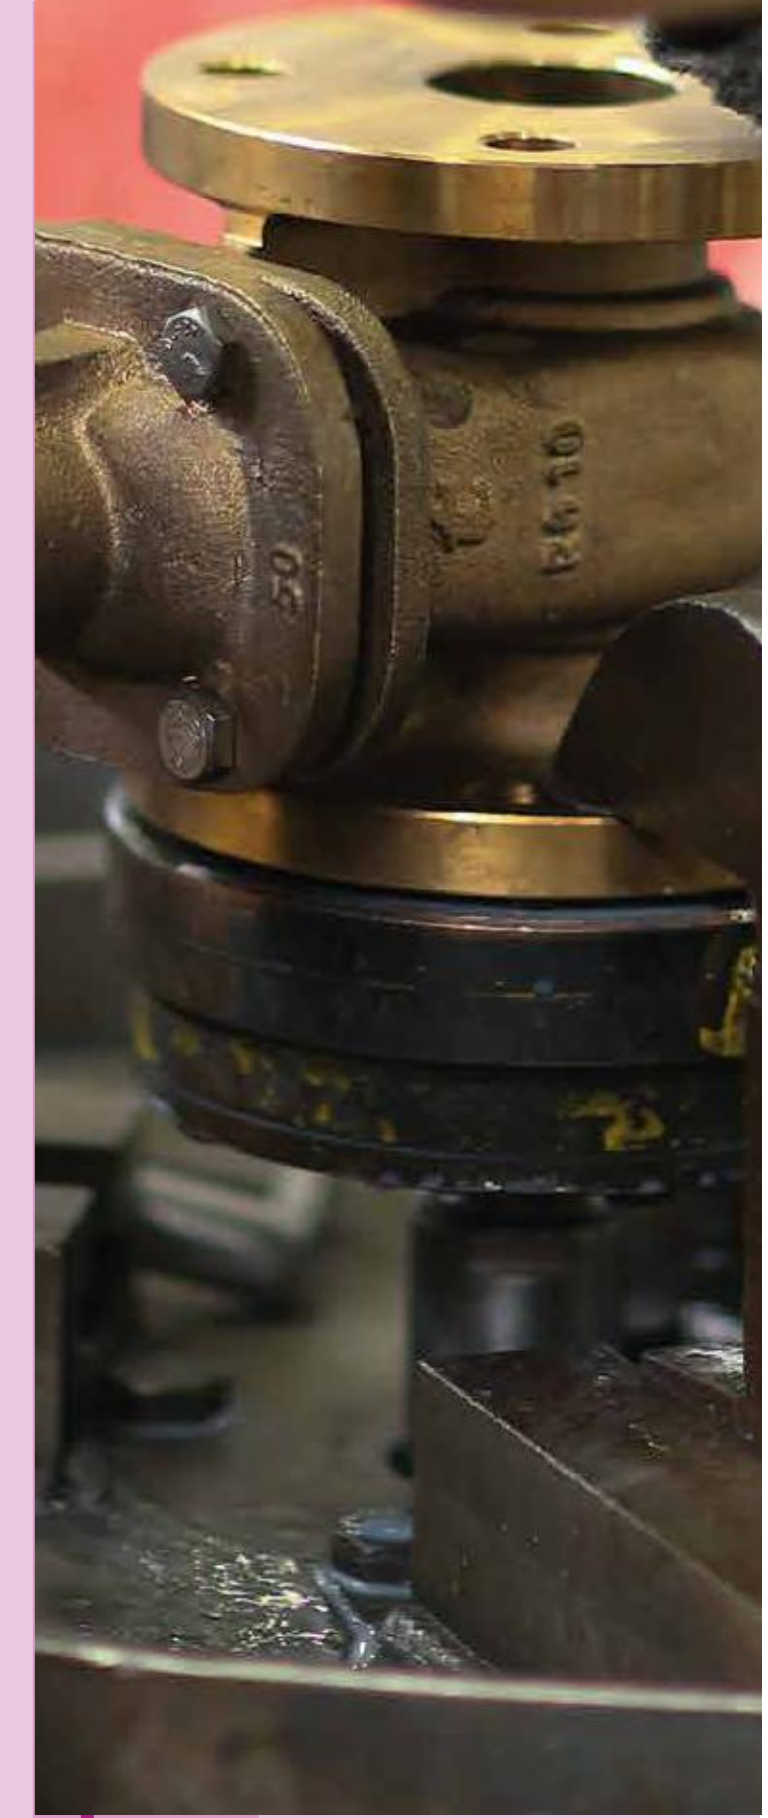

Gedik Holding laid its foundations with Gedik Welding, which was established in 1963 as a manufacturer of welding consumables. By adding casting, valve, capital markets and education to the field of activities, Gedik Holding has taken its place among the most respected institutions in Turkey.

Gedik Welding was established in 1963 and today is a global industry leader in the field of welding consumables and types of equipment. Gedik Welding is one of the largest manufacturers in Europe and exports welding consumables and welding machines to more than 90 countries around the world under its internationally registered trademarks GeKa®, GeKaTec® and GeKaMac®.

The company also generates robotic solutions and welding automation equipment for various industries under the brand name GeKaRobotics®

As a Gedik Holding subsidiary, Gedik Termovana has been producing medium and high pressure class valves required by the industry since 1967. Gedik Termovana, headquartered in Istanbul, is an integrated company that performs all processes of casting and valve production together with Gedik Advanced Casting Technologies brand in a closed area of 25.000 m2 in Sakarya.

Gedik Advanced Casting Technologies was founded in 1967, works as an integrated company and performs all processes of casting and valve production together with Gedik Termo Valve company in a closed area of 25.000 m2 in Sakarya. Gedik Advanced Casting Technologies produces for many sectors such as automotive, energy, defense industry, shipbuilding, pump, agriculture.

Gedik Education Foundation (GEF) was established by Halil Kaya Gedik in 1994. The Foundation, which provides training to theoretical and practical welding technologies to 33,500 people. In addition to his successful industrialist identity, in 2007, GEF was awarded by the Grand National Assembly of Turkey with "Distinguished Service Medal". Since 2008 GEF is a responsible member of Turkey in IIW (International Institute of Welding).

Gedik Test Center

Gedik Test Center; was established in 2009 certification and industrial services for the education in the field of Non-Destructive-Tests (NDT). Serving a wide range of industrial sectors with its specialized technical and instructor staff, provides high quality of education with modern laboratories, training classes, modern devices and equipments.

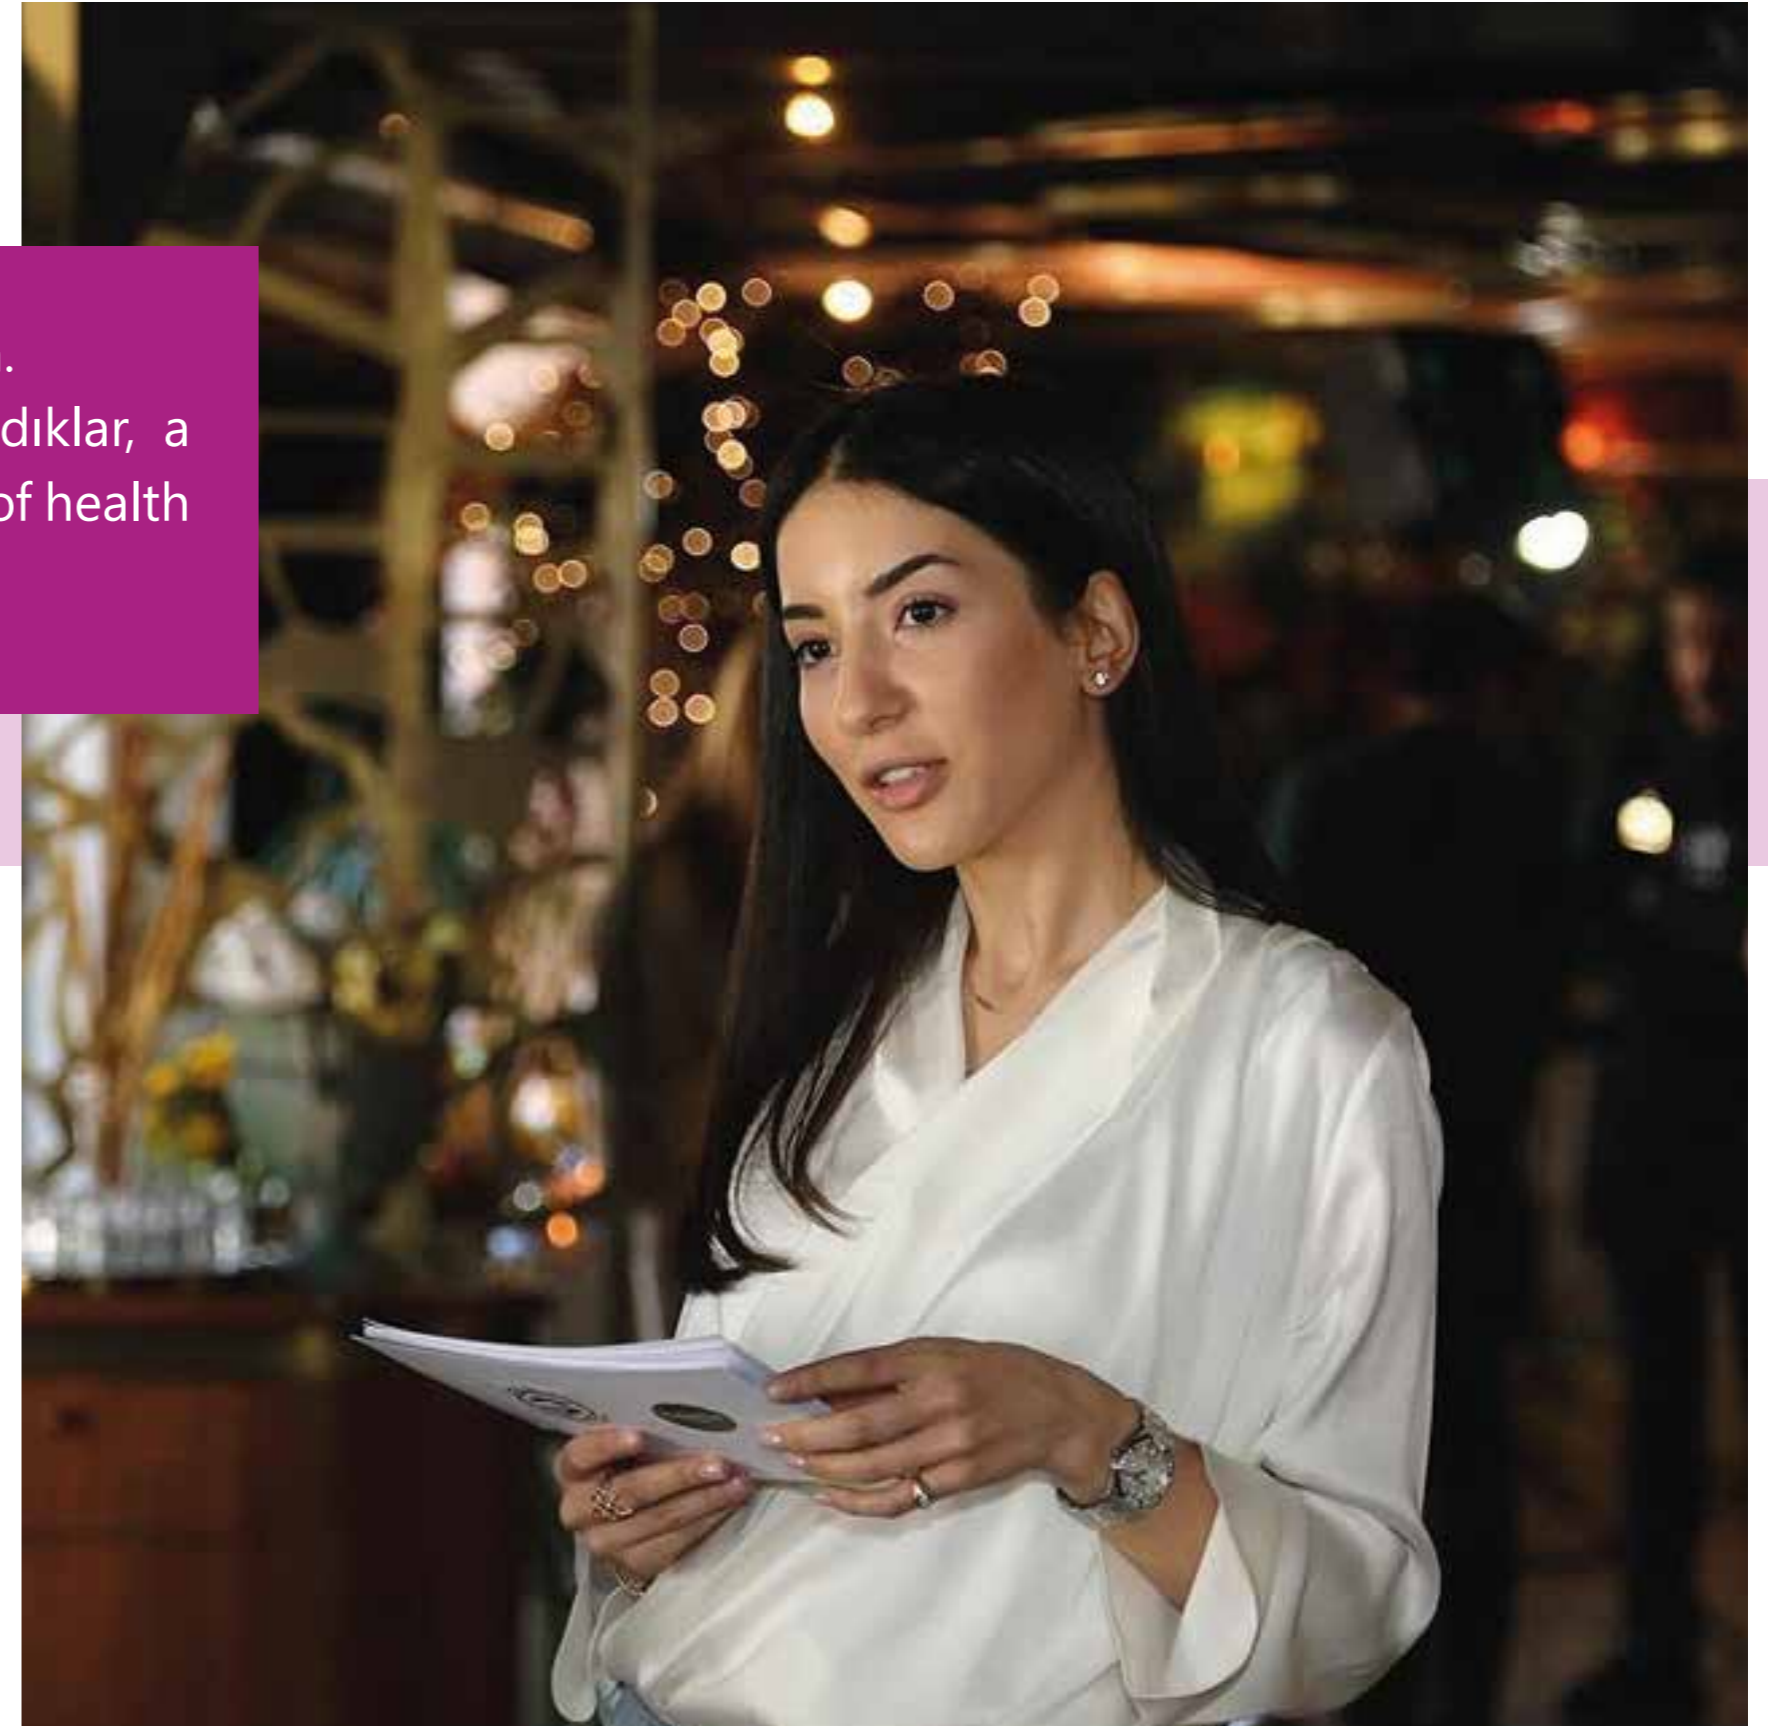

Istanbul
GEDİK University

Istanbul Gedik University was established in 2010 by Halil Kaya Gedik. Educates students with distinguished faculty staff, sustainable, theoretical and applied education programs. Istanbul Gedik University became an innovative, distinctive, value producing and a perfectionist university.

Gedik Health was founded in 2016 on healthy living and nutrition. Started its operations in 2017 under the leadership of Asya Sadıklar, a member of the Gedik Health Board, has become the meeting point of health and hygiene in the heart of Istanbul, Tesvikiye.
