

- Arc parameter electronic control tor an excellent cutting quality
- Energy saving function to switch off the power source cooling fan when no longer necessary
- Cutting parameters stability within ± %10 mains voltage fluctuations
- Innovative and user friendly design
- IP 23 protection class and dust-proof electronic components, thanks to the innovative
- "Tunnel" fan cooling system, allow their use in the toughest work environment
- Electrode wearing and improper operation signalling
- Possibility of cutting grids and perforated lamination sheets
- Contact cutting possibility without sliding blocks or other spacers
- Central connector tor the torch
- Regulator group with built-in filter and air impurity automatic expulsion

PoWer CUT 155
